*Invites you to our*

## Online Bookkeeping Information Seminar

*Are you looking to save time doing your Business bookwork?*

*Looking for easier ways to record your transactions?*

*Want to spend less time in front of your computer? (up to 20 hours per quarter)*

*Want to have all your information at your fingertips no matter where you are?*

*Always want to be on the latest software without high costs?*

*Want real time information about your business – to the day?*

*No more saving files to USB or Disc*

If you answered yes to any of the above questions, we invite you to attend our Free one hour seminar for a demonstration that will change the way you account for your business. The times have changed, and whether we like it or not, we have to move with the times. The ATO are changing the way we transact with them and we have solutions that will allow you to keep up to date.

We at MJA believe you need to consider modifying your current bookkeeping method/program and encourage you to attend the seminar to evaluate these options. This seminar is about saving you time.
